FAQ

Compatability of the multicube system

Is my system compatible to established 30 mm cage systems or microbench systems?

The multicube components of series 48 have a rod hole distance of 30 mm. You can attach systems based on those components easily to a 30 mm cage systems or microbench system. More informaion can be found [here](#).

If you are working with a system based on series 68, there are adapters available, so that they can be used with 30 mm cage systems as well.

Is my system compatible to established 60 mm cage systems?

The multicube components of series 68 have a rod hole distance of 60 mm. You can attach systems based on those components easily to a 60 mm cage systems or microbench system. More informaion can be found [here](#).

If you are working with a system based on series 48, there are adapters available, so that they can be used with 60 mm cage systems as well.
