## FAQ

### Compatability of the multicube system

#### Is my system compatible to established 30 mm cage systems or microbench systems?

The multicube components of series 48 have a rod hole distance of 30 mm. You can attach systems based on those components easily to a 30 mm cage systems or microbench system. More informaion can be found [here](#).

If you are working with a system based on series 68, there are adapters available, so that they can be used with 30 mm cage systems as well.

#### Is my system compatible to established 60 mm cage systems?

The multicube components of series 68 have a rod hole distance of 60 mm. You can attach systems based on those components easily to a 60 mm cage systems or microbench system. More informaion can be found [here](#).

If you are working with a system based on series 48, there are adapters available, so that they can be used with 60 mm cage systems as well.
