

PA-LSA-4-0

Polarization Analyzer adapters for fiber cables without optics

FEATURES

Polarization Analyzer adapter for fiber cables without optics.
Included in standard delivery for series SK010PA Polarization Analyzers.

- LSA APC (compatible with connectors of type DIN, AVIO and AVIM)
- Inclined coupling axis

Please note: This adapter is for use with the [Polarization Analyzer SK0101PA](#) only. For fiber adapters without optics (Bulkhead adapters) please see [here](#).

FAQ

Polarization Analyzer accessories

There are two adapter options - one without integrated optics and one with integrated optics. What is the best option for me?

For standard applications we recommend to use an adapter without optics since any additional optics may show birefringence and so may falsify the measurement result.
